This vineyard sits on soils defined by a limestone gravel substrate, which gives the appellation its unique character. Though shallow, these highly arable soils are a blend of brown and blonde clay-limestone, mixed with gravel.

This combination allows for excellent drainage and vine growth.

The wines from this plot, planted in 1957, are elegant and precise, offering vibrant freshness, impressive density, and a refined complexity that reflects the essence of the terroir.

Tasting notes

Aromas of red fruits and spices. The vibrant energy of the flavours, combined with a pronounced minerality, creates a delightful balance and impressive tension. Its remarkable complexity culminates in a long, memorable finish.

The 2017 wine year is distinguished by its superlative generosity. Following a dry and cold winter, the spring proved mild and rain-free. The vines enjoyed pleasant weather conditions, with temperatures up to 6°C above the norm. The summer, marked by warm and dry weather, contributed to the fruit achieving

an ideal state of health. Yields were very generous, and after reducing yields through «green harvesting,» the optimal ripeness of the grapes led to the harvest beginning on September 7th.

The wines from the 2017 vintage are elegant and refined, with a beautiful tension, silky tannins, and great aromatic complexity.
