This vineyard sits on soils defined by a limestone gravel substrate, which gives the appellation its unique character. Though shallow, these highly arable soils are a blend of brown and blonde clay-limestone, mixed with gravel.

This combination allows for excellent drainage and vine growth.

The wines from this plot, planted in 1957, are elegant and precise, offering vibrant freshness, impressive density, and a refined complexity that reflects the essence of the terroir.

Tasting notes

Deeply coloured, this wine presents a classic and precise bouquet of perfectly ripe cherries. The fruit becomes even more generous on the finish, maintaining the lively character of the vintage alongside the mineral notes of the terroir. Its exceptional persistence further enhances the overall experience.

While the 2021 growing season concludes with a sunny summer, its beginning was marked by two devastating frosts that deeply affected the vines and threatened the upcoming harvest. That year, Burgundy experienced a relatively mild winter. In spring, after significant frosts in early April, the return of

fine weather provided ideal conditions for flowering. A few weeks later, early summer was characterized by heavy rains and persistent humidity. By August, however, dry and radiant weather persisted for three consecutive weeks, promoting optimal fruit ripening. By late September, the grapes reached perfect ripeness, prompting the harvest to begin on September 23rd.

The production from this capricious vintage is exclusive. Evocative, with finesse and elegance, the wines reveal exceptional freshness and present beautiful volume on the palate.
